Travel insurance sales reopening

Dear valued partner,

On July 22, we reopened our travel insurance sales to ensure the health and wellness of our clients who may be required to travel outside their province of residence during this time.

We are sharing this information with you as certain health plans include travel insurance coverage. The travel insurance coverage included with the Express Plan will no longer be limited to essential workers such as truck drivers.

IMPORTANT REMINDER

COVID-19 has been considered a known issue as of March 12, 2020 and is not an insurable risk under the Trip cancellation or interruption insurance coverage.

We encourage our clients to follow guidelines and precautions set by local health authorities. They should be aware of any precautions they must take and restrictions that may be placed upon them at their destination or on their return to Canada.

Clients may visit: <https://travel.gc.ca/travelling/advisories> for the latest advisories regarding travel and COVID-19.

For more information or if you have any questions, please contact Info-Partners:
